Cabin Information

SPRINKLER SYSTEM

The sprinkler heads located throughout the ship, and in your room, are very sensitive. The slightest touch can activate them so please do not hang any items from the sprinkler heads, or smoke anywhere on the ship outside the designated smoking area. Guests activating the sprinkler system may be responsible for damages that occur.

ELECTRICAL OUTLETS

The electrical outlets found in your cabin and around the Ocean Endeavour accept standard European two round pin plugs, so you may need to bring a travel adapter. Electricity supply may not be sufficient to power your electronic devices at all times so please be aware of this. Please check the voltage of your device before plugging it in, as the device may become damaged if the incoming voltage is higher than that for which it is manufactured.

The electrical supply on board is 220 volts, 50 Hz. Guests coming from the USA and Canada may need to bring a small 220v/110v converter. Please check your electronics as most modern cameras, computers and devices are already compatible to use 220/110 volts before purchasing a converter.

ONBOARD PROCEDURES

WATER

SHIP ON BOARD ACCOUNTS

For ease, items purchased on board including the Polar Boutique, bar, laundry, postage, communication charges, Australis spa treatments and adventure options booked onboard (space permitting) as well as gratuities are charged to your ship on board account.

This can be settled at reception towards the end of your expedition. US dollar is the standard currency onboard and Visa or MasterCard credit cards are accepted. Personal cheques, AMEX or Diners are not accepted forms of payment.

LIFE VESTS

A life vest to be used in the case of ship emergency is provided for every guest on board. The onboard team will advise where these are stowed during the safety briefing and lifeboat drill.

GRATUITIES

We like to think that we have some of the best Expedition Team and Crew in the world working with us, and while they are all paid a competitive wage, they spend a great deal of time at sea; away from their families; making sure that this trip is a once-in-a-lifetime experience for you.

Whether you choose to give gratuities and how much you choose to give is a totally personal choice, however if you are looking for guidance we recommend USD18.50 per day, which can be added to your onboard account and settled at the end of your voyage.

Full details will be provided on board.

All gratuities will be much appreciated and distributed evenly amongst our entire leisure department and Expedition Team– from our exceptional cabin stewards, to our talented bar staff.

ITINERARY & PROGRAM CHANGES

This is an expedition cruise to the world's most remote region so the weather and conditions are unpredictable. Our itineraries are carefully planned to ensure an exciting and memorable expedition. Sometimes due to weather and ice conditions, changes will need to be made.

ANNOUNCEMENTS

Announcements in English over the ship's public address system will alert you to wildlife sightings, itinerary modifications, and landing instructions for going ashore. They can be heard in cabins and all public spaces. Out of courtesy to other travellers, we ask that you remain quiet during all announcements.

Onboard Procedures

SAFETY BRIEFINGS & LIFEBOAT DRILL

By International Maritime Law, it is mandatory to participate in an emergency drill within 24 hours of sailing. Upon embarkation, a safety briefing to outline appropriate behaviour on board will take place, including emergency procedures. A drill will be conducted to familiarise you with the location of lifeboats, life vests, and emergency evacuation routes. This compulsory drill will be scheduled as soon as possible by the Chief Officer. Full details will be provided by the onboard team following embarkation.

Please note: Safety briefings, drills and emergency evacuation announcements are conducted in English (only), so it is essential that all guests understand basic English for their own safety.

BATTERY DISPOSAL

Please bring old batteries to reception for disposal do not throw old batteries in your cabin garbage.

BRIDGE VISITS

Access to the Bridge, where you can observe how the Captain and Bridge Officers sail and navigate the ship may be granted during the voyage. The Captain and Bridge Officers do restrict access during arrivals and departures from port and during times of complicated navigation. As the Bridge is an important working area on the ship, we ask that you keep noise to a minimum to avoid distracting the Officers from conducting their jobs efficiently. Please respect the Bridge etiquette of no eating, drinking or smoking.

LOST & FOUND

Please bring any misplaced items to reception or give them to a member of the Expedition Team. If you lose anything yourself, please advise our team.

SMOKING & VAPING

For health and safety reasons, The Ocean Endeavour maintains a non-smoking and vaping policy in the interior of the ship including cabins, public spaces, and while on Zodiac excursions and shore landings. Please only smoke or vape in the designated area which your Expedition Team can direct you to. Always ensure cigarettes are extinguished properly and dispose of them in the proper receptacle. Please, never throw cigarettes overboard.

MAIL

Sending polar mail is still a rare and memorable way for loved ones to receive a memento from your voyage. Mail may be posted from the ship and will be charged to your onboard account. Please deposit your mail at reception with your cabin number and name noted clearly in the upper right hand corner of each card or letter.

It may occasionally be possible to post mail from a research base. If we are unable to post the mail during your voyage, staff will attempt to do so on subsequent voyages.

Please note: delivery can take many months and cannot be guaranteed.

Onboard Procedures

STAYING IN TOUCH WHILE ON BOARD

It is possible to stay in touch whilst on board. The Ocean Endeavour is equipped with the latest available satellite communication equipment for our areas of operation providing us the possibility of Internet, phone reception.

While we are pleased to offer these services, please understand that our ship communications are affected by the ship's position, satellite coverage and local weather conditions. It may take several attempts before you are successful in making contact. Please keep in mind, you are travelling the most remote part of the world. There may be periods of time (hours/days) where phone and Internet are not available.

A pre-paid PIN Card will also be required for making telephone calls. Voice PIN cards allow calling from your cabin or guest telephones to shore telephones at various rates per minute dependent on location and type of phone you are calling (calling mobile phones tends to be more expensive). Current prices for these optional services will be posted onboard the ship or can be requested from your booking agent.

Please note: refunds are not provided for unused voice or data cards.

ONBOARD MEDICAL FACILITIES

We have an infirmary on board and an English-speaking, emergency trained Expedition Doctor to provide routine and emergency health care.

Please ensure you bring an additional two-week supply of any life sustaining or essential medication you take regularly. Because we operate in an extremely remote part of the world, there is limited opportunity to restock medical supplies. We cannot accept responsibility for not having a specific brand or type of drug on board.

Should you fall ill, the Doctor will refer to the Medical Forms that you completed as part of your Cruise Enrolment, so please ensure that the information you provide is complete and accurate.

Should there be a charge for medications, our Doctor will issue an invoice and a medical report that you can present to your travel insurance company if applicable. This will be delivered to your cabin in an envelope prior to the end of your voyage and can be settled via your onboard account.

POLAR EXPLORATION

We are an IAATO (International Association of Antarctic Tour Operators) Operator and comply with the organisation's guidelines for travel to the Antarctic. IAATO, in cooperation with ship operators, has established extensive procedures and guidelines that ensure safe and responsible Antarctica expeditions. In line with the Antarctic Treaty system, IAATO is committed to the principle that planned tourism activities will have no more than a minor or transitory impact on the Antarctic environment.

It is mandatory for all passengers to review the IAATO documents provided.

WELLNESS PROGRAM & FACILITIES

We invite you to experience Antarctica in an overall envelope of wellness that will feed your mind, body and soul. Our range of onboard amenities will ensure you unplug from the world and immerse yourself in the pristine wilderness of Antarctica.
